5.	External Assistance	101-103
6.	Market Loans due for discharge in 2025-2026	104

INTRODUCTORY NOTE

The document is organised into two parts: Part A-Receipts and Part B-Asset and Liability statements.

Part A contains abstract of all types of receipts alongwith their break-ups and explanatory notes. There are statements on Tax, Non Tax Revenue and Capital (Debt and Non Debt) Receipts. Considering huge quantum of resources devolved to States as their share in Union taxes, the state-wise estimates of devolution for BE (2025-2026), RE (2024-2025) and Actuals (2023-2024) are given in Annex 4, 4A and 4B respectively. These statements greatly help States plan their finances and cash management.

Part B contains statements of different types of assets and liabilities with a view to present an overall financial position of Government. The statements on Annuity Projects, Arrears of Non Tax Revenue, Tax revenue raised but not realised, Assets and Guarantees, as mandated under FRBM Rules, 2004 are also included. The statements are prepared on the basis of inputs given by Ministries/Departments.

The various dimensions of Debt profile of Government of India are indicated by statements on assets and liabilities in Part B. These statements give a comprehensive perspective to the quantum and structure of Debt liability of the Government.

ABSTRACT OF RECEIPTS

(In ₹ crores)

	Actuals 2023-2024	Budget Estimates 2024-2025	Revised Estimates 2024-2025	Budget Estimates 2025-2026

1.1. **States:** The interest receipts on the loans released to states inter-alia includes interest on:

(a) Loans disbursed to States of West Bengal, Punjab and Tripura during different time period under Non-Plan Scheme (Flood control);

(b) Old loans disbursed to States by Ministry of Finance at different rates of interest, now fixed at uniform rate of interest;

(c) Loans disbursed for assisting State Plan Schemes with the maturity period of 20 years;

(d) Loans disbursed to States for modernization of Police Force. It also includes block loans, rehabilitation-repatriates from other countries and loan to cover gap in resources etc.

1.2. **Union Territories (With Legislature):** Interest on Loans to Union Territories (With Legislature).

1.3. **Other Interest Receipts:** The estimates under 'Other Interest Receipts' are in respect of interests on loans advanced to Public Sector Enterprises, Port Trusts and other Statutory Bodies, Cooperatives, Government Servants etc. and on capital outlay on Departmental Commercial Undertakings. The estimates also includes interest on Ways and Means Advances payable by Food Corporation of India.

- 2. Dividends and Profits:** This Section comprises of dividends and profits from Public Sector Enterprises. It also includes surplus of the Reserve Bank of India that is transferred to Government.
- 3.2. Other Fiscal Services:** The receipts mainly relate to contributions by Reserve Bank of India towards EFF charges payable to the International Monetary Fund, remunerations, etc. received from IMF and penalties, etc. realized against Economic Offences.
- 4.01.01. Public Services Commission:** The receipts of 'Public Service Commission' mainly represent Examination Fees etc. of the Union Public Service Commission and Staff Selection Commission.
- 4.01.02. Police:** The receipts of 'Police' are on account of Central Police Forces supplied to State Governments and other parties. These receipts also include the receipts of Delhi Police.
- 4.01.03. Supplies and Disposals:** The receipts under 'Supplies and Disposals' mainly relate to the fees for purchase and inspection of stores; and sale proceeds of surplus and obsolete stores disposed off through Directorate General of Supplies and Disposals.
- 4.01.04. Stationery and Printing:** The receipts under 'Stationery and Printing' relate to Government's printing presses for sale of stationery, gazettes and Government's publications etc.
- 4.01.06. Other Administrative Services:** The receipt under the head 'Other Administrative Services' mainly relate to audit fees, passport and visa fees etc.
- 4.03.02. Less-Receipts of Commercial Department- Canteen Stores Department:** The Commercial Department receipts relate to Defence Services provided through Canteen Stores Department (CSD) which are dealt under net expenditure of Commercial Departments in the Expenditure Budget.
- 5.01. Education, Sports, Art and Culture:** The receipts under 'Education, Sports, Art and Culture' mainly relate to tuition & other fees and also include entry fees at museums and ancient monuments.
- 5.02. Medical and Public Health:** 'Medical' receipts include contributions for Central Government Health Scheme and charges realized from patients for hospital and dispensary services etc. Public Health receipts include service fees, sale proceeds of Sera and vaccine etc.
- 5.03. Family Welfare:** 'Family Welfare' receipts mainly relate to sale proceeds of materials and supplies.
- 5.04. Housing:** 'Housing' receipts mainly relate to Licence fees for Government residential buildings.
- 5.06. Information and Publicity:** 'Information and Publicity' receipts include receipts from Employment News & other Publications, receipts from Directorate of Films Division and Bureau of Outreach & Communication (erstwhile DAVP).
- 5.07. Broadcasting:** Receipts of License fee from DTH operators, Commercial Services (TV), Commercial Services (FM) and other receipts.
- 5.08. Labour and Employment:** 'Labour and Employment' receipts mainly relate to fees realized under Labour Laws, Factories and Mines Act etc.
- 5.09. Social Security and Welfare:** The receipts under 'Social Security and Welfare' mainly relate to Central Government Employees Insurance Scheme.
- 6.01. Agriculture and Allied Activities:** This sub-sector includes receipts from agricultural farms, commercial crops, horticulture, plant protection services, fees from agricultural education, fees for quality control and grading of agricultural products etc. Sale proceeds of inputs like seeds, fertilizers, machinery, etc. received as aid from foreign countries and organizations are also accounted for under it.
- 6.02. Irrigation and Flood Control:** The estimates under this head represent mainly the receipts of Central Water Commission and Central Water Power Research Station, Pune. The estimates under 'Minor Irrigation' relate to Central Ground Water Board for ground water exploration undertaken by it for State Governments etc.
- 6.03. Energy:** Under this head receipts generated from different sectors like 'Power, Petroleum, Coal and Lignite and New & Renewable Energy' are accounted for.
- 6.3.01. Power:** The head 'Power' records receipt of Central Electricity Authority under the Electricity (Supply) Act.
- 6.03.02. Petroleum:** Under the Head 'Petroleum' the estimates include receipts from Royalty on off-shore crude oil and gas production, profit petroleum and license fee for the right to exclusive exploration of oil and gas in a particular region.

(a) Royalty on mineral oil is regulated by Section 6A of the Oil fields (Regulation and Development Act, 1948) and the Petroleum & Natural Gas Rules, 1959 as amended from time to time. Under Rule 14 of P&NG Rules 1959, Royalty is payable on

production of crude oil, condensate and natural gas. Royalty on production from Onland areas is payable to concerned State Government and to Central Government on production from offshore areas. The rate of royalty in respect of any mineral oil, which includes crude oil, shall not exceed 20% of the sale price of the mineral oil at the oil fields or well-heads as the case may be.

(b) Profit Petroleum: Profit Petroleum means the total value of petroleum produced and saved from the contact areas during a particular period as reduced by cost of petroleum and calculated and shared with Government in terms of relevant agreement/Contract. No Profit Petroleum is payable for nomination blocks given to National Oil Companies.

(c) Petroleum Exploration License Fee (PEL) Fee: (i) PEL fee is a payment by a licensee in consideration of the government granting a right to carry out exclusive exploration of Oil and Gas in a particular area. License fee is generally linked to area and period of license and is payable by licensees in accordance with Petroleum and Natural Gas Rules, 1959 as amended from time to time, (ii) PEL fee in the case of onshore areas goes to the State Government concerned and to the Central Government in case of offshore fields.

(d) Production Level Payment (PLP): PLP means payments to be made to Government of India after attaining certain production level in accordance with the relevant contract/agreement in Coal Bed Methane blocks.

6.04.01. Village and Small Industries: The head 'Village and Small Industries' records receipts from industrial estates, small scale, handloom, khadi, handicraft, coir, sericulture, power looms, and other village industries.

6.04.02. Industries: Receipts under 'Industries' relate mainly to atomic energy industries and license fees collected from various industries.

6.04.03. Non-ferrous Mining and Metallurgical Industries: The head 'Non-ferrous Mining and Metallurgical Industries' mainly accommodates receipts on account of specified jobs undertaken by the Geological Survey of India.

6.5.04. Road and Bridges: The head 'Road and Bridges' included receipts from fees and tolls for use of National Highways as well as proceeds of Monetization of National Highways Fund (MNHF). However, the proceeds of MNHF will henceforth, i.e., from RE 2022-23 onwards be reflected under Capital Receipts because of accounting requirements.

6.06.01. Other Communication Services: Receipts under 'Other Communication Services' mainly relate to the license fees from telecom operators and receipts on account of spectrum usage charges. Department of Telecom collects recurring licence fees from various Telecom Service Providers licensed by it. The licence fee is levied at 8% of the Adjusted Gross Revenue (AGR) after the allowable deduction like Public Switched Telecom Network (PSTN) charges, Roaming charges passed on to eligible/entitled service providers and Sales Tax/ Service Tax passed on to the State/Central Government from its total revenue figures as appeared in the audited accounts of the company.

For telecom networks licenced for Captive use and Captive Mobile Radio Trunking Service (CMRTS) licences, the licence fee is levied at fixed rates depending upon the number of terminals, channels and / or networks capital cost. In addition one time Entry Fees is also collected from the new operators.

The main category of services include (i) Basic Service, (ii) Cellular Mobile Telephone Service (CMTS), (iii) Unified Access Service (UAS), (iv) Unified License, (v) International Long Distance (ILD), (vi) National Long Distance (NLD), (vii) Internet Service Providers (ISP), (viii) Commercial CUG VSAT License, (ix) Public Mobile Radio Trunk Services (PMRTS), (x) Captive Mobile Radio Trunk Services (CMRTS), (xi) GMPCS License, (xii) Resale of IPLC License.

The license fee is collected based on the percentage share of the Adjusted Gross Revenue (AGR) from Telecom Service Providers, which includes a component of Universal Access Levy (UAL). The collection of licence fee depends on the rate of license fee, tariff and growth of the telecom service sector in the country.

The department also collects license fee for possession of wireless equipment and royalty for the use of radio spectrum from various entities. The charges levied from service providers are usually referred to as Spectrum charges and are calculated either as a percentage of their Adjusted Gross Revenues depending up on at the quantum of spectrum assigned for their network (Commercial VSAT licence) or at flat rates or on the basis of formulae.

Spectrum Usage Charges are levied by the department from the Telecom Service Providers (Mobile Commercial VSAT etc.) for usage of spectrum and are calculated as a percentage of their Adjusted Gross Revenue (AGR) depending upon the quantum assigned for their network.

6.07.01. Atomic Energy Research: The receipts under 'Atomic Energy Research' relate to sales and services rendered by various divisions/units of Bhabha Atomic Research Centre.

6.07.02. Other Scientific Services and Research: 'Other Scientific Services and Research' receipts mainly relate to the Survey of India, National Atlas and Thematic Mapping Organization etc.

6.08.01. Foreign Trade and Export Services: The receipts under the head 'Foreign Trade and Export Services' include receipts on revaluation of foreign currency in favour of India in respect of balances under Trade and Payment Agreements.

6.08.02. Other General Economic Services: The head 'Other General Economic Services' mainly accommodates receipts on account of regulation of joint stock companies and fees realized under the Insurance Act. It also includes receipts of the Indian Meteorological Department, fees realized by National Informatics Centre for services rendered by it to non-Government bodies and Risk Insurances Fund receipts.

7. Railway Revenue: The receipts mainly comprises (i) miscellaneous receipts, (ii) commercial lines, and (iii) strategic lines. As it is a commercial receipt, the net impact on Non Tax Revenue is nil.

9. Non Tax Revenue of Union Territories: The receipts of the Union Territories (without legislature) mainly relate to administrative services; sale of timber and forest produce mainly in Andaman and Nicobar Islands; receipts from Chandigarh Transport Undertaking and receipts from Shipping, Tourism and Power.

1.01. State Governments: The recoveries are in respect of loans and advances to State Governments. Further, recoveries also include the amount met from GST Compensation Fund against the repayment of back-to-back loans extended to States during 2020-21 and 2021-22 in lieu of shortfall of GST revenue.

1.02. Union Territories (With Legislature): The recoveries are in respect of loans advanced to the Union Territories without legislature. Further, recoveries also include the amount met from GST Compensation Fund against the repayment of back-to-back loans extended to UTs during 2020-21 and 2021-22 in lieu of shortfall of GST revenue.

2. Miscellaneous Capital Receipts: These include receipts on account of management of equity investments and public assets through various mechanisms.

3.1. Market Loans: Government of India raises its market loans under the Scheme of Sale of Dated Government Securities by Auction from 1992-93. These auctions are conducted by the Reserve Bank of India, as debt manager to the Central Government. Apart from Fixed Coupon Securities, Government has also issued Floating Rate Bonds (FRBs) on which the coupon rate, payable semi annually, are reset semi-annually by adding a 'spread', determined through auction. Since 2002-03, Central Government has been announcing half-yearly Indicative Market Borrowing Calendar based on its core borrowing requirements. Details of repayments in 2025-26 are given in Statement No. 2 of Part B. Government of India has completed the conversion of special securities issued in lieu of adhoc treasury bills into marketable securities during the year 2003-04. Details of the marketable securities issued in conversion are given in Statement 2C of Part B. Government of India has also completed the conversion of Recapitalisation Bonds with the Nationalised Banks into SLR marketable securities during the year 2007-08 (details in statement 2A of Part B).

Repayment of ₹ 1,23,604 crore in RE 2024-25 and ₹ 67,500 crore in BE 2025-26 are met through additional recovery from GST Compensation Fund against the back-to-back loans extended to States/UTs in lieu of shortfall in GST revenue. During 2023-24, this amount was ₹ 78,104 crore.

3.7. Short Term Borrowings: The Treasury bills offer short-term investment opportunity to Financial Institutions, Banks etc. Primarily, these are issued under the normal auction programme of the Government and also provide option for non-competitive bids. The amount for weekly auction of 91 days, 182 days and 364 days Treasury Bills is notified in indicative quarterly calendar. Central Government also issues 14 days Intermediate Treasury Bills for deployment of short term cash surpluses by State Governments.

4. Securities against Small Savings: The small savings schemes currently in force are: Post Office Savings Account, National Savings Time Deposits (1,2,3 & 5 years), National Savings Recurring Deposits, National Savings Monthly Income Scheme Account, Senior Citizens Savings Scheme, National Savings Certificate, Public Provident Fund, KisanVikas Patra and Sukanya Samridhhi Account.

Securities issued against Small Savings: Collections under various small saving schemes, net of withdrawals, during a financial year, form the sources of funds for National Small Savings Fund (NSSF). The net collections are invested in Central and State Government Special Securities, which forms the application of funds under NSSF. For 2021-22, the term of Central and State Government Special Securities is 10 years, without any moratorium. Redemption proceeds of State Government securities are reinvested in the Central and the State Government Special Securities in the ratio of 50:50, at the prevailing rate of interest, whereas the redemption proceeds of the Central Government Securities are re-invested in Central Government Special securities completely.

Net collections under NSSF are being invested in various Public Agencies. Interest payment to subscribers of Small Savings Schemes and cost of management constitute the expenditure of the fund and interest on Central Government Securities, State Government Securities and loan advanced to Public Agencies forms the income of the fund. The sources and applications of NSSF are shown in Annexure 8 and details of various components of NSSF are shown in Statement 3 of Part B.

6.2. Saving Bonds: Floating Rate Saving Bond, 2020 (Taxable) with a lock-in of 7 years was introduced in July, 2020 to enable resident citizens/HUF to invest their savings without any monetary ceiling. The interest on the bonds is payable semi-annually on 1st January and 1st July every year with the resetting clause every Six month which is linked with prevailing NSC rate plus 35 bps. The first reset was carried out on January 01, 2021. There is no option to pay interest on cumulative basis. The bonds are not transferable except transfer to a nominee(s)/legal heir in case of death of the holder of the bonds. They are also not tradable in the secondary market. Premature encashment has been allowed for individual investor in the age group of 60 years and above after minimum lock in period from the date of issue.

6.6.01. International Monetary Fund: India's quota in IMF is SDR 13,114.4 million with a shareholding of 2.75%. India ranks eighth in terms of quota holding at the IMF. As per the 16th General Review of Quotas, India has agreed for the quota increase by an amount of SDR 6557.2 million, and necessary provisions are made in 2025-26 for the Quota increase payment. Apart from quota resources of all members, the IMF employs New Arrangements to Borrow (NAB) and Bilateral Borrowing Agreements (BBAs) as its second and third line of resource for the purpose of non-concessional lending.

6.6.03. Asian Development Bank and Fund: The Asian Development Bank keeps Rupee securities with the Reserve Bank of India which can be encashed by it to meet its rupee expenditure in India from time to time.

7. External Debt: Budget 2025-26 assumes a gross receipt of ₹ 1,11,013 crore and repayment of ₹ 65,388 crore, resulting in net external loan of ₹ 45,625 crore.

7.01. Multilateral: The net receipts for BE 2025-26 from International Bank for Reconstruction and Development, International Development Association, International Fund for Agricultural Development, Asian Development Bank, Eastern European Community(SAC), Organisation of the Petroleum Exporting Countries, New Development Bank and Asian Infrastructure Investment Bank (AIIB) is estimated at ₹ 13,234 crore.

7.01.03. International Fund for Agricultural Development: (a) International Fund for Agricultural Development (IFAD) was set up in 1977 as the 13th specialized agency of the United Nations. It is dedicated to eradicating poverty and hunger in rural areas of developing countries. 178 countries are members of the IFAD, and these are grouped into three countries, comprising List - A - Developed countries, List - B - Oil Producing Countries and List - C - Developing Countries. India is in List C.

(b) India is one of the founding members of International Fund for Agricultural Development (IFAD), and has so far contributed USD 258 million as core contribution towards IFAD resources. In the 12th Replenishment cycle (IFAD12) during 2022-24, India has contributed an amount of USD 47 million as a core contribution. Apart from this, India has also contributed an amount of USD 20 million as Concessional Partner Loan (CPL) in IFAD11 and contribution of USD 13.32 million out of USD 20 million commitment has been made towards Concessional Partner Loan (CPL) in IFAD12 as per the payment schedule. Further, in the 13th replenishment cycle of IFAD (IFAD13), India has pledged a contribution of USD 25 million as core contribution towards IFAD resources.

7.02. Bilateral: The net receipts for BE 2025-26 from Germany, France, Japan, Russian Federation and European Investment Bank (EIB) is estimated ₹ 32,391 crore.

ANNEX-7**Statement of Revenue Impact of Tax Incentives under the Central Tax System:
Financial Years 2022-23 and 2023-24**

Tax law and its administration are primarily aimed at generating revenue to fund the various Government expenditures. The main variables that determine the amount of revenue generated are the collective tax base and the effective tax rates. An elaborate set of measures including special tax rates, exemptions, deductions, rebates, deferrals and credits determine these two variables. These measures are collectively called as 'tax incentives' or 'tax preferences'. They create an impact on Government earnings and also reflect the significant policy measures of the Government.

The tax incentives provided by the Government have a significant impact on its revenue. It may also be perceived as an indirect subsidy to the preferred taxpayers and is therefore referred to as 'tax expenditures'. In a democratic setup, tax policy is ought to be not only efficient but also sufficiently transparent. It requires an elaborate analysis and explicit presentation of tax incentives and the entailed program planning intended to address the specific policy goals of the Government. Further, transparent budgeting requires an analysis of revenue impact being created under the respective programme heads. These tax incentives having impact on the Government earnings are inherent part of the spending plans stated in the tax policy.

The present statement is a detailed analysis of the revenue implications of the various tax incentives provided by the Government through the taxation system. Such revenue implications of tax incentives were laid before the Parliament for the first time during Budget 2006-07 as Annex-12 of the Receipts Budget in the form of statement of Revenue Forgone. It was welcomed across all quarters and started the process of a constructive debate on whole range of issues concerning fiscal policy. It also lent credence to the Government's intention of bringing about transparency in the matter of tax policy and tax expenditures. The second edition of this statement was placed before Parliament during Budget 2007-08 by way of Annexure-12 of the Receipts Budget and also by way of a separate budget document titled "Statement of Revenue Forgone". Thereafter, it was placed every year before Parliament during Budget from 2008-09 to 2014-15. In the Budget 2015-16, it has been termed more appropriately as the "Statement of Revenue Impact of Tax Incentives under the Central Tax System", as it actually involves an analysis of the revenue impact. In Budget 2015-16 and 2016-17, it was made part of Receipt Budget as Annexure-15, while in Budget 2017-18, it was Annexure-13. In the Budgets 2018-19, 2019-20, 2020-21, 2021-22, 2022-23, 2023-24 and 2024-25, it was part of Receipt Budget as Annexure-7.

As stated earlier, this Statement seeks to list the revenue impact of tax incentives or tax subsidies that are a part of the tax system of the Central Government. The revenue impact of such tax incentives has been estimated in respect of most of the "tax preferences". The estimates are for financial year 2022-23, the most recent year for which data is available. It is based on the returns filed for the Assessment year 2023-24. An attempt has also been made to project the revenue impact for the financial year 2023-24 on the basis of the tax expenditure figures of the financial year 2022-23.

The estimates of the tax expenditures have been made on the basis of the following assumptions: -

- (a) The estimates and projections are intended to indicate the potential revenue gain in case of removal of exemptions, deductions, weighted deductions and similar measures. The estimates are based on a short-term impact analysis. They are developed assuming that the underlying tax base would not be affected by removal of such measures. As the behavior of economic agents, overall economic activity or other Government policies could change along with the elimination of the specific tax preference, the revenue implications could be different to that extent.
- (b) The impact of each tax incentive is determined separately, assuming that all other tax provisions remain unchanged. Many of the tax concessions do, however, interact with each other. Therefore, the interactive

impact of tax incentives could turn out to be different from the tax expenditure calculated by adding up the estimates and projections for each provision.

Though the revenue impact has been quantified in terms of tax expenditure, it does not imply that this quantum of revenue has been waived by the Government. Rather, these could be seen as expenditure for the development of certain target sectors. In some cases, the socio-economic activities meant to be incentivized by such indirect subsidy may have either not been undertaken at all or have been undergoing at much lower scale in the absence of these incentives. The assumptions and methodology adopted to estimate the tax expenditure on account of different tax incentives are indicated at the relevant places in this Statement.

Direct Taxes

The direct tax policy through Income-tax Act, inter alia, provides for tax incentives to promote exports; balanced regional development; creation of infrastructure facilities; employment; rural development; scientific research and development; cooperative sector, encourage savings by individuals and donations for charity. Accelerated depreciation is also provided as an incentive for capital investment. Most of these tax benefits can be availed of by both corporate and non-corporate taxpayers. This statement attempts to estimate the revenue impact of the tax incentives separately in respect of all the categories of taxpayers viz., Corporate Sector; Non-Corporate Sector (Firms, Association of Persons, Body of Individuals etc.); and Individuals/ HUF. The heads under which the revenue impact has been estimated are broadly similar for the corporates and non-corporates. However, in the case of individuals, certain other heads have also been included as these are specific only to them. The statement for the corporate sector also analyses the spread of effective tax rates for companies in different profit slabs. A sectoral analysis of effective tax rates for different industries has also been attempted. Besides, details of entities engaged in charitable activities have also been provided separately under the head "Charitable Entities".

Revenue impact of various tax incentives for FY 2023-24 is projected by taking the average GDP growth for four years [FYs 2019-20, 2021-22, 2022-23 and 2023-24].¹

A. Corporate Sector

Large businesses are mainly organized as companies. The Income-tax Department has received 10,75,866 corporate returns electronically up to 30th November 2024 for the financial year 2022-23 [i.e. assessment year 2023-24]. Every company is required to file its return of income electronically. These companies reported corporate tax liability of Rs. 7,27,415.89 crore [inclusive of surcharge and education cess] for their income of financial year 2022-23. The companies have paid additional tax of Rs. 6,440.99 crore [inclusive of surcharge and education cess] on their 'distributed income' on buy-back of shares under section 115QA of the Act.

For the purposes of estimating the tax expenditure, data pertaining to these companies were culled from the database for analysis and is detailed in Tables 1 to 5 and Appendix to this statement. **Table 1** profiles these companies across different profit ranges. The following facts emerge from an analysis of the data:-

- 5,34,092 companies (49.64 per cent) reported Rs. 32,10,198.19 crore as profits before taxes and a total income (taxable income) of Rs. 31,66,634.86 crore.
- 4,93,714 companies (45.89 per cent) reported Rs. 8,73,307.67 crore as losses.
- 48,060 companies (4.47 per cent) reported Nil profit.

The **effective tax rate² of the entire base of companies was 23.24 per cent** for financial year 2022-23 [as against

¹ FY 2020-21 has not been taken for calculating the average GDP growth for it being an extraordinary year due to COVID-19 pandemic.

² Effective tax rate in case of companies is the ratio of total taxes [including surcharge and education cess to the total profits before taxes [PBT] and expressed as a percentage.

the rate of **23.26** per cent reported in the financial year 2021-22] while the statutory tax rate was 31.20 per cent (inclusive of cess) in case of companies having income up to Rs. one crore, 33.38 per cent (inclusive of cess and surcharge) in the case of companies having income up to Rs. 10 crore and 34.94 per cent (inclusive of cess and surcharge) in the case of companies having income exceeding Rs.10 crore. Further, for existing companies which opted for the new concessional tax regime (lower tax rate without deductions and exemptions) under section 115BAA of the Income-tax Act, the statutory tax rate was 25.17 per cent. Companies with profits before taxes (PBT hereafter) of Rs. 500 crore and above, accounted for a total of 62.59 per cent of the total PBT and a total of 53.24 per cent of the total corporate income-tax liability.

The effective tax rate of companies with PBT greater than Rs. 500 crore is 19.77 per cent, which is lower than all the companies having profit before taxes below Rs. 500 crores. This highlights that the larger companies are availing the higher deductions and incentives or have shifted to the new regime of lower tax rate of 22 per cent plus cess and surcharge. This is further corroborated by the higher ratio of total income to PBT in smaller companies. In case of companies having PBT in range of rupees 0-1 crore, the ratio is 96.66per cent while in case of companies having PBT greater than rupees 500 crore, it is 72.45 per cent. A lower ratio indicates that the larger companies are availing higher deduction and incentives as compared to smaller companies.

Table 1: Profile of companies across range of profits before taxes
(Financial Year 2022-23) (No. of companies –10,75,866)

S.No	Profit Before Taxes	Companies	Share in Profit Before Taxes	Share in total income	Share in Total Corporate Income Tax Liability	Ratio of total income to Profits before taxes	Ratio of tax to total income	Effective tax rate (tax to profit ratio)
1	Less than Zero	4,93,714	-	0.69%*	0.67%*	-	-	-
2	Zero	48,060	-	20.89%*	9.69%*	-	-	-
3	Rs.0-1 Crore	4,52,076	1.87%	1.82%	1.98%	96.66%	25.36%	24.52%
4	Rs. 1 -10 Crore	63,113	6.15%	5.91%	6.35%	95.38%	25.13%	23.97%
5	Rs. 10-50 Crore	13,405	8.99%	7.90%	8.82%	87.33%	26.10%	22.79%
6	Rs.50-100 Crore	2418	5.22%	4.49%	5.04%	85.43%	26.30%	22.47%
7	Rs. 100-500 Crore	2337	15.18%	12.65%	14.21%	82.75%	26.29%	21.75%
8	Greater than Rs. 500 Crore	743	62.59%	45.65%	53.24%	72.45%	27.29%	19.77%
	All Companies	10,75,866	100.00%	100.00%	100.00%	99.33%	23.40%	23.24%

*The companies having PBT less than or equal to zero may report income under heads other than business on which some taxes may be payable.

Table 2 profiles the sample companies across effective tax rates. It is noted that 6,62,877 companies with average effective tax rates up to 20 per cent accounted for 39.68 per cent of total profits before taxes, 11.94 per cent of total taxable income and 13.52 per cent of total taxes. In other words, a large number of companies (6,62,877 i.e. 61.61 per cent) contributed a disproportionately lower amount of taxes in relation to their profits. Interestingly, 52,356 companies accounting for 6.58 per cent of the total profits and 10.40 per cent of the total taxes had an effective tax rate closer to the average statutory rate of 34.69 per cent. This shows that the tax liability across companies is unevenly distributed. This is primarily due to the various tax preferences provided in the statute that these companies avail.

It is further noteworthy that the 2,89,076 companies falling in bracket of effective tax rate of 20-30 per cent constitute more than 50 per cent (60.48 per cent) share in profit before taxes and contribute a significant portion of 71.71 per cent towards tax liabilities. The companies in this ETR bracket represent 26.87 per cent of total companies. This marks an increase of 4.5 per cent in the total tax share by these companies over that of 2021-22. The outcome is a significant indicator of the positive results of rationalization of corporate tax rates as introduced through the regimes contained in section 115BAA & 115BAB of the Income-tax Act, 1961.

Table 2: Profile of companies across range of Effective tax rates*

S.No	Effective tax rate (ETR)	Number of companies	Share in profit before taxes (%)	Share in total income (%)	Share in total tax liability (in %)
1	Less than Zero and Zero	5,44,777.00	10.70%	0.88%**	0.75%**
2	0-20	1,18,100.00	21.09%	11.06%	12.77%
3	20-25	61,751.00	31.42%	35.11%	34.78%
4	25-30	2,27,325.00	29.06%	38.19%	36.93%
5	30-33	23,497.00	2.94%	4.24%	4.37%
6	>33	52,356.00	4.79%	10.51%	10.40%
7	Indeterminate (PBT = 0)	48,060.00			
TOTAL		10,75,866.00	100.00%	100.00%	100.00%

*Effective tax rate (ETR) is inclusive of surcharge and education cess.

**The companies having ETR less than or equal to zero may report income under heads other than business, hence they have a small share of the total income and tax liability for corporates but may report ETR less than or equal to zero on account of brought forward losses.

Table 3 compares the effective tax rate of public companies (Public Sector Units only) with that of private companies. While the effective rate is lower than the statutory rate for both categories, the private sector companies pay a larger proportion of their profits as tax than the public sector companies.

Table 3: Effective tax rate* of companies in the public and private sectors**(Financial Year 2022-23) (Number of Companies – 10,75,866)**

AY	Sector	Number of Companies	Share in total Profits (in %)	Share in total tax liability (in %)	Effective tax rate (in %) [Tax to Profit ratio]
2023-24	Public [#]	199	16.31	11.63	17.56
	Private	10,75,667	83.69	88.37	24.34
TOTAL		10,75,866	100.00	100.00	23.24

* Effective tax rate is inclusive of surcharge and education cess.

[#] Based on the information given by the assessee companies (as Public Sector Units) in their respective returns.

Table 4 shows a comparison between the effective tax rate of the manufacturing sector and the other sectors in respect of the companies. The non-manufacturing sectors have a higher effective tax rate of 23.51 per cent as compared to manufacturing sector at 22.64 per cent. Both the sectors have an effective tax rate that is well below the average statutory rate of 34.69 per cent.

Table 4: Effective tax rate* of companies in the manufacturing and non-manufacturing sectors**(Financial year 2022-23) [Number of companies– 10,75,866]**

S.No	Sector	Number of companies	Share in total profits	Share in total tax liability	effective tax rate (tax to profit ratio)
1	Manufacturing	1,56,460	31.11	30.30	22.64
2	Non-manufacturing	9,19,406	68.89	69.70	23.51
	All Companies	10,75,866	100.00	100.00	23.24

*Effective tax rate is inclusive of surcharge and education cess

Table 5 gives details of the major tax expenditures on corporate taxpayers during the financial year 2022-23 and projection for the financial year 2023-24. The analysis is based on the corporate returns received up to 30th November, 2024, which includes all the returns filed for AY 2023-24. The revenue impact of each tax concession availed by these companies has been calculated by applying the weighted average statutory corporate tax rate of 34.69 per cent ³ on the amount of each deduction. The revenue impact of accelerated depreciation, deduction/ weighted deduction for expenditure on scientific research has been calculated by first determining the difference between the depreciation/ deduction debited to the profit and loss account by companies and the depreciation/ deduction allowable under the Income-tax Act. Thereafter the weighted average corporate tax rate of 34.69 per cent has been applied to this difference to arrive at the tax expenditure figure.

³ Average statutory tax rate has been worked out after taking a weighted average of the tax rate of 31.20 per cent in the case of companies having total income upto Rs. 1 crore, of 33.38 per cent in the case of companies having total income upto Rs. 10 crore and 34.94 per cent in the case of companies having total income exceeding Rs.10 crore.

Another aspect of tax expenditure is tax deferral. Tax deferral occurs when the taxpayer, on account of being allowed higher deductions under the tax statute is able to defer his tax liability by claiming an allowance (e.g. depreciation allowance) as a deduction over shorter time period whereas he may be spreading the same depreciation claim over a number of years in his own accounts. As depreciation does not entail cash outgo, this is a tax deferral. On the other hand, the MAT on companies under the tax statute fastens a liability (for the assessment year 2023-24, at the rate of 15 per cent on book profits), on the profit reported by the company to its shareholders (subject to some adjustments), if this liability is in excess of the tax liability computed at normal rates. The excess liability on account of MAT is allowed as a credit (up to 15 years) in a subsequent year in which the normal tax liability is in excess of MAT liability. The additional tax paid on account of MAT is, therefore, an advance payment of future tax liability. It restricts the period of deferral of taxes on account of claims of depreciation and moderates the revenue impact of other deductions such as profit-linked deductions by spreading the same claim over a longer period of time.

Based on the tax expenditure figures for the financial year 2022-23, the tax expenditure for the financial year 2023-24 has been projected by multiplying the tax expenditure on each tax incentive in the financial year 2022-23 by the average GDP growth for four years [FYs 2019-20, 2021-22, 2022-23 and 2023-24]. 2020-21 being Covid impacted year has not been considered. The average GDP growth rate was calculated to be 12.36 per cent.

Table 5 depicts major tax expenditures on corporate taxpayers in terms of tax expenditure during the financial year 2022-23 and projection for the financial year 2023-24.

**Table 5: Revenue Impact of Major Tax Incentives for corporate taxpayers
(Financial years 2022-23 and 2023-24) [Number of companies – 10,75,866] (In Rs. Crores)**

S.No	Nature of Incentive	Revenue Impact (2022-23)	Projected Revenue Impact (2023-24) (@12.36%
1	Deduction of export profits of units located in SEZs (section 10AA)	23,736.27	26,670.08

Calculated as: Additional Tax Liability on account of MAT: Rs. 18,594.55 crore			
(-) Reduced by MAT Credit claimed: Rs. 26028.56 crore			
TOTAL REVENUE FORGONE		88,109.27	98,999.57

*2020-21 being covid impacted year is not considered.

Across various sectors, deductions availed by units located in SEZ (S. No. 1), accelerated depreciation (S. no. 2), Deduction of profits of undertakings engaged in generation, transmission and distribution of power (No.8), undertakings engaged in development of infrastructure facilities (S. No. 7), Deduction of profits of undertakings set-up in Sikkim (No. 18), Deduction in respect of employment of new workmen (No. 20), deductions on scientific research (S. No. 3), Deduction of profits of undertakings set-up in North Eastern State (No. 17), accounted for a significant portion of the total tax incentive. The deduction on account of donations to charitable trusts and institutions have marginally increased in F.Y. 2022-23 (Rs. 1172.93 crore) as compared to such donation in F.Y. 2021-22 (1132.90 crore).

The industry-wise distribution of effective tax rate of companies is given in the table in the Appendix to this statement. The effective tax rates for growing and manufacturing of tea (16.80), manufacturing of steel products (16.59), and manufacturing of refined petroleum products (18.30) are at the lower range. Some of the other sectors which are also having lower tax rates as compared to the effective tax rates are animal husbandry (15.61) and real estate (approx.18) The effective tax rate is the ratio of aggregate of gross tax payable to profit before tax.

Further in a effort to establish a globally competitive business environment for certain domestic companies, attract fresh investment, create employment opportunities and give an impetus to the overall economy, Section 115BAA and 115BAB had been inserted to the Act through Taxation Laws (Amendment) Act, 2019 (TLAA).It provides for a concessional tax rate of 22 per cent for existing domestic companies, and of 15 per cent for newly incorporated domestic companies which commence manufacturing or production on or before 31.03.2024 for manufacturing, production, research or distribution of such manufactured article or thing. This concession is subject to certain conditions including that they do not avail of any specified incentive or deductions. It has also been provided that the domestic companies opting for the concessional taxation regime shall not be required to pay any Minimum Alternate Tax (MAT).

An analysis of the impact of this concessional tax incentive (made in Table 5.1) shows that out of the corporate returns in the financial year 2022-23, the total income being taxed under section 115BAA of the Act is Rs. 18,35,988.38 Crore, which is an increase of 18.60 per cent over the income being taxed under the same section in the previous Financial Year 2021-22 (Rs. 15,48,040.43 Crore). Further, the total income taxed under section 115BAB of the Act is Rs. 6,256.74 Crore which is an increase of 165 per cent over the income being taxed under section 115BAB in Financial Year 2021-22 (Rs. 2,360.40 Crore). The number of companies adopting the new tax regime has also seen an increase. Thus, the trend of adoption of the new concessional tax regime by companies has continued which is an encouraging sign.

Table 5.1: Comparison of income under concessional tax regime and those under earlier tax regime (Financial Year 2022-23)

S.No	Slabs of Total Income (in Rs. Crore)	Total Income in Crores (under 115BAA)		Total Income in Crores (under 115BAB)		Total Income in Crores (under earlier tax rate of 30% plus surcharge and cess)	
		2022-23	2021-22	2022-23	2021-22	2022-23	2021-22
1	0-1	19,037.51	15,227.55	435.77	235.08	34,338.99	33,123.58
2	1 to 10	1,00,017.70	81,588.75	1,880.23	843.57	83,467.35	82,328.45

Total		18,35,988.38	15,48,040.43	6,256.74	2,360.64	13,13,428.82	12,01,252.25

B. Non-Corporate Sector [Firms/ AOPs/ BOIs etc.]

Apart from the corporate sector, large businesses are also organized as partnership firms and Association of Persons [AOPs] or Body of Individuals [BOIs]. The tax expenditure on these is not as large as that of companies. The Income-tax Department has received 18,21,249 returns filed electronically up to 30th November, 2024 for income of the financial year 2022-23. For the purposes of calculating the tax expenditure, data pertaining to these 18,21,249 Firms/ AOPs/ BOIs was culled out from the database.

The data was analyzed and the following facts emerged: -

- The entire firms/ AOPs/ BOIs declared a total income (taxable income) of Rs. 5,18,972.72 Crore and reported Rs. 3,92,120.64 Crore as profits before taxes and. Losses were reported in about 3,60,745 returns which is 19.81 per cent of the total.
- These firms/ AOPs/ BOIs reported Rs 1,30,916.68 Crore as income-tax payable [inclusive of surcharge and cess] for the Financial Year 2022-23.

The revenue impact of each tax concession claimed by the firms/ AOPs/ BOIs has been calculated by applying the income tax rate of 34.09 per cent (weighted average rate calculated taking rate of 31.20 per cent for firms having income less than one crore and 34.94 per cent for firms having income more than one crore with the gross tax payable falling in each tax rate slab) on the amount of each deduction. The tax expenditure on account of accelerated depreciation; deduction/ weighted deduction for expenditure on scientific research has been calculated by first determining the difference between the depreciation/ deduction debited to the profit and loss accounts by firms/ AOPs/ BOIs and the depreciation/ deduction allowable under the Income-tax Act. Thereafter, the income tax rate of 34.09 per cent has been applied to this difference to arrive at the revenue impact of each tax incentive. Based on the revenue impact for each tax incentive for the financial year 2022-23, the revenue impact for the financial year 2023-24 has been projected. The estimation for 2023-24 has been made by multiplying the tax expenditure on each tax incentive in the financial year 2022-23 by the average GDP growth for four years [FYs 2019-20, 2021-22, 2022-23 and 2023-24]. The average GDP growth rate was calculated to be 12.36 per cent. *

Table 6 depicts the major tax expenditures on non-corporate taxpayers in terms of tax expenditure during the financial year 2022-23 and projection for the financial year 2023-24. Like Financial Year 2021-22, the highest tax expenditure continues to be on account of deduction of profits of cooperative societies which accounts for 53.25 per cent of the total revenue impact as compared to 53.89 per cent in last financial year. The tax expenditure on account of units setup in SEZs (under section 10AA), housing projects (under section 80-IBA) and accelerated depreciation (under section 32) were 17.48 per cent, 11.46 per cent and 5.71 per cent of the total revenue forgone, respectively.

The total tax expenditure for non-corporate sector, i.e., Firms/ AOPs/ BOIs for the financial year 2022-23 is worked out to be **Rs. 10,920.83 Crore**.

*2020-21 being covid impacted year is not considered.

C. Individual/ HUF Taxpayers

Chapter VI-A of the Income-tax Act primarily provides for deduction on certain payments and deduction on certain incomes. Individual/ HUF taxpayers are eligible to claim these deductions and have a wide range of tax preferences available to them. However, since more than 50 per cent of the individual taxpayers derive their income primarily from salaries, the profit-linked deductions [i.e. deduction on certain business incomes] are not claimed by them. On the other hand, the group of non-salaried individuals claims both type of deductions. The tax incentives granted to individual taxpayers is presented in Table 7. The tax impact under various sections of Chapter VI-A of the Income-tax Act has been calculated on the basis of various claims for tax preferences in the 7,74,07,645 returns filed electronically by individuals with the Income-tax Department till 30th November, 2024.

Based on the tax expenditure figures for financial year 2022-23, the tax expenditure for the financial year 2023-24 has been projected by multiplying the tax expenditure on each tax incentive in the financial year 2022-23 by the average GDP growth for four years [FYs 2019-20, 2021-22, 2022-23 and 2023-24]. The average GDP growth rate was calculated to be 12.36 per cent.

Based on the figures of total **7,74,07,645** returns of income filed for F.Y. 2022-23 (AY 2023-24), the tax expenditure for the entire population of taxpayers has been prepared. Some of the significant findings are as under: -

- (i) Impact of higher basic exemption limits, (Sl. No. 27 and 28 of Table 7), has been calculated by multiplying the tax expenditure per senior citizen and very senior citizen with their respective numbers. According to the data of these returns, 12.05 per cent of the returns were filed by senior citizens and 0.79 per cent of the returns were filed by very senior citizens. Further, the revenue impact of higher exemption limit available to senior citizens has been calculated by taking into account the difference between the higher basic exemption limit (i.e. Rs. 3,00,000) as compared to the general exemption limit of Rs. 2,50,000 and applying the lowest tax rate of 5 per cent (plus cess) on the difference.
- (ii) In case of individuals, the maximum tax expenditure of an amount of Rs. 1,02,557.01 Crore is on account of claim of deduction for investments in certain instruments as per section 80C of the Act.
- (iii) The other major tax expenditure on individual taxpayers in the Financial Year 2021-22 is on account of rebate under section 87A amounting to Rs. 41,237.43 Crore.
- (iv) Deduction on account of contribution to the New Pension Scheme under section 80CCD, and deduction on account of health insurance premium under section 80D also had a contribution of Rs. 14,999.41 Crore and Rs. 12,719.50 Crore respectively to the overall figure.

As detailed above, Table 7 depicts the revenue impact of major tax incentives for individual/ HUF taxpayers, in terms of tax expenditure, during the financial year 2022-23 and projection for financial year 2023-24.

**Table 7: Revenue Impact of major tax Incentives for individual HUF taxpayers
(Financial years 2022-23 and 2023-24)**

S. No.	Nature of Incentive	Revenue Impact (In Rs. Crore)	Projected Revenue Impact (in Rs. Crore) @12.36%

16	Deduction of profits of undertakings engaged in development of SEZs pursuant to SEZ Act, 2005 (section 80-IAB)	0.55	0.61
17	Deduction of profits and gains from housing projects (section 80-IBA)	177.30	199.21
18	Deduction of profits of industrial undertakings derived from housing projects, production of mineral oil, development of scientific research, integrated business of handling, storage and transportation of food grains and of industrial undertakings located in Jammu & Kashmir and in other backward area (80-IB)	16.30	18.32

S. No.	Nature of Incentive	Revenue Impact	Projected Revenue Impact
		(In Rs. Crore) [2022-23]	(in Rs. Crore) @ 12.36% [2023-24]
19	Deduction of profits of undertakings set-up in North Eastern States, Sikkim, Uttaranchal and Himachal Pradesh (section 80-IC)	20.25	22.75
20	Deduction of profits from business of collecting and processing of bio-degradable waste (section 80JJA)	9.16	10.29
21	Deduction in respect of employment of new workmen (section 80JJAA)	14.82	16.65
22	Deduction of royalty income of authors of certain books other than text books (section 80QQB)	9.43	10.60
22	Deduction of royalty income on patents (section 80RRB)	0.35	0.40
23	Deduction on account of interest in savings account (section 80TTA)	2,705.02	3,039.36
24	Deduction on account of Interest on deposits in case of Resident senior citizens (section 80TTB)	4,148.86	4,661.66
25	Deduction in case of a person with disability (section 80U)	710.01	797.77
26	Rebate u/s 87A	41,237.43	46,334.38
27	Higher exemption limit for senior citizens	2,424.57	2,724.24
28	Higher exemption limit for super senior citizens	793.95	892.08
TOTAL		1,96,678.95	2,20,988.47

The revenue impact of providing a tax incentive for investments in various savings instruments, repayment of housing loan and payment of tuition fees for children [all these come under section 80C of the Income-tax Act] is the single largest tax expenditure in case of individual taxpayers followed by rebate on tax in case of resident individuals having income up to five lakh rupees, contribution to New Pension Scheme (Section 80CCD) and deduction on account of health insurance premium (section 80D). The tax expenditure on account of higher basic exemption limits for senior citizens and very senior citizens are also significant. As regards profit-linked deductions, the highest tax expenditure is on account of section 80-IA and section 80-IBA of the Income-tax Act.

D. Charitable Entities

The Income-tax Act provides for exemptions to various entities including Government funded entities engaged in objects which are charitable in nature. In addition to this, specific exemption is also available to entities engaged in certain activities which satisfy social purposes. These entities receive donations, voluntary contributions and have other incomes from activities which are charitable in nature. The total receipts of such entities are required to be applied for the purposes for which these have been set up. These entities are required to file income tax return. The total number of electronically filed returns of such entities till 30th November 2024 for the assessment year 2023-24 is 2,50,682. The total amount applied by such entities for charitable and religious purposes during the FY 2022-23 is Rs 10,01,572.04 crores.

**Statement of Revenue Impact of Tax Incentives for Customs Duty for the period
2023-24 (Final) and 2024-25 (Estimated)**

Customs duty on goods is levied under the Customs Act, 1962 at rates specified in the First Schedule to the Customs Tariff Act, 1975 (commonly referred to as basic customs duty - BCD). Export duty is also levied on certain items at rates specified in the Second Schedule to the Customs Tariff Act, 1975.

2.1 These rates, specified against individual tariff lines in the Customs Tariff Act, 1975, are commonly known as "tariff rates". Further, the Customs Act, 1962 or the Finance Acts concerned delegates powers to the Central Government [under Section 25(1) of the Customs Act, 1962, which is also made applicable to duties levied under various Finance Acts] to prescribe duty rates lower than the Tariff rates through notifications. The rates, prescribed through such exemption notifications, are referred to as "effective rates".

2.2 Further, exemption notifications issued by the Government can be broadly classified into two types:-

(i) Conditional exemption notifications; and

(ii) Unconditional exemption notifications.

2.3 Unconditional exemptions prescribe general effective rates of duty for a commodity. This rate applies to all imports of that commodity, without any conditions. In other words, such unconditional exemptions in effect prescribe MFN rate for a commodity.

2.4 Conditional exemptions, on the other hand, prescribe effective rates under certain specific circumstances, as against the higher tariff rate or the MFN rate, as discussed above. Such conditional notifications are for specified purposes, for example, to promote domestic manufacturing, defense procurements, etc. In such cases, only those imports, which fulfill conditions prescribed for such rates, are eligible for such effective rates. As such, these exemptions result in revenue foregone vis-à-vis the relevant tariff/ MFN rate.

2.5 **Duty Free imports under export schemes:** Certain exemptions have been provided for procurement of raw materials and inputs that go into the export goods. As such, these exemptions only provide for tax neutralization to exports for zero rating of exports. These concessions, being aimed at zero rating of exports, do not effectively result in revenue foregone on account of BCD concessions.

2.6 **Export linked remissions or incentives provided through scrip rate:** There are certain scheme that allows for remissions or incentives to exporters. A remission to export goods is allowed in lieu of certain embedded taxes or levies of States and Centre. Schemes like RoDTEP and RoSCTL are of such nature. Under these schemes, credit in the form of freely tradable scrips is allowed. This credit can be set off against any payment of Basic Customs Duty (BCD) on imports. The usage of scrip for payment of BCD was taken as revenue foregone till 2020-21. However, in changed accounting practice, considering the real nature, the duty paid through scrip is now accounted as revenue and the duty credit so allowed to exporter is counted as expenditure. The revised practice has been adopted since 2021-22, and the same practice is continued for 2024-25.

3. **FTA:** India has entered into Free Trade Agreements, Comprehensive Economic Partnership Agreements and Comprehensive Economic Co-operation Agreements with a number of countries or group of countries. Similarly, India is also a signatory to the Information Technology Agreement-I. Under this agreement, India has bound itself for lower rate/exemption on the specified goods as covered under such agreement. These preferential tariffs are also prescribed through notifications issued under section 25 of the Customs Act, 1962. **Such preferential tariffs extended as part of sovereign commitments, are also the general applicable rate for imports covered by such agreements.**

4. **Therefore, as explained above, since the unconditional exemptions and exemptions extended towards sovereign commitments in effect prescribe MFN rates (effective rate) for the commodity concerned, a more appropriate estimation for the revenue impact of tax concessions would be the revenue foregone on account of conditional exemptions only.**

5. **Revenue impact assessment for the Year 2023-24 and 2024-25:** Estimate of total revenue impact under various exemption notifications is based on the data generated from the Bills of Entry filed by the importers in the Indian Customs Electronic Data Interchange System (ICES) at various Electronic Data Interchange (EDI) locations. Extrapolation has been made to arrive at revenue foregone on account of imports not captured in ICES. ICES constitute about **95%** of total imports for the period 2023-24 and 2024-25 (upto November, 2024).

6.1 Based on the above stated methodology, the revenue impact of tax concessions on customs side for the year 2023-24 (Final) and 2024-25 (Estimated) works out as under:

Table I: Revenue Impact of Tax concessions on account of Basic Customs Duty

(Rs Crore)

S.No.	Name of the Scheme	Formula	Revenue Impact (2023-24)	Revenue Impact (2024-25) (Estimated)
A.	On account of BCD collection at different rates less than Tariff rate as per EDI data	A.1+A.2+A.3	3,55,204	4,10,792
On account of :-				
A.1	Unconditional/technical BCD exemptions as per EDI data	-	2,30,610	2,67,432
A.2	FTA/PTA/CECA/CEPA as per EDI data (Refer Table II)	-	89,205	94,172
A.3	Conditional BCD exemptions- EDI locations (Refer Table III)	-	35,389	49,188
B.	Revenue foregone of Conditional BCD exemptions (EDI + non-EDI locations)	(A.3)x100/f#	37,252	51,777
C.	Revenue impact on account of input tax neutralization scheme (Refer Table IV)	-	96,325	63,093
D.	Net Duty Foregone (on account of Customs tariff concessions)	-	37,252	51,777

Source: DG(sys), CBIC & PrCCA

f is extrapolation factor which is equal to 95% each for the year 2023-24 (Final) and 2024-25 (Estimated) to include imports not captured in ICES.

6.2 Details of Revenue impact on account of FTA/PTA/CEPA/CECA as per EDI data for the Year 2023-24 (Final) and 2024-25 (Estimated) (refer Sr. No. A.2 in Table I above) is as under:

PART B

ASSET AND LIABILITY STATEMENTS

1. DEBT POSITION OF THE GOVERNMENT OF INDIA

The outstanding internal and external debt and other liabilities of the Government of India at the end of 2025-2026 is estimated to ₹ 196,78,772.68 crore, as against ₹ 181,74,284.36 crore at the end of 2024-2025 (RE). Broad details are as follows:-

	(In ₹ crores)	
	As on 31 st March 2025	As on 31 st March 2026
Internal debt and other liabilities	175,55,988.60	190,14,852.01
External debt #	6,18,295.76	6,63,920.67
Total	181,74,284.36	196,78,772.62

External debt at historical rate of exchange.

Note : The Central Government debt/liabilities, including external debt at current exchange rate, EBRs and after adjusting cash balance, is estimated at ₹ 185.11 lakh crore and ₹ 200.16 lakh crore as on 31st March, 2025 & 31st March, 2026, respectively.

Internal Debt comprises loans raised in the open market, Compensation and other bonds, etc. It also includes borrowings through treasury bills including treasury bills issued to State Governments, Commercial Banks and other investors, as well as non-negotiable, non-interest bearing rupee securities issued to international financial institutions. An analysis of the public debt outstanding at the beginning of the First Five Year Plan and close of each year from 2020-2021 to 2023-2024 and that estimated to be outstanding at the close of 2024-2025 and 2025-2026 is given in the Statement of Liabilities. The amount outstanding under internal and external debt reflects the liability of Government as represented by the book value of the outstanding debt. The outstanding stock of external liabilities is reckoned at historical rates of exchange on which the liability was initially accounted for in the books of accounts after netting the repayments made at current exchange rates.

In addition, Government is liable to repay the outstanding against the various Small Savings schemes, Provident Funds, securities issued to Industrial Development Bank of India, and Nationalized Banks, Oil marketing companies, Fertilizer companies, Food Corporation of India and deposits under the Special Deposit Scheme and depreciation and other interest bearing reserve funds of departmental commercial undertakings, etc., deposits of local funds and civil deposits. Details of such liabilities are also shown in the Statement of Liabilities.

The position of guarantees given by the Government of India as at the end of 2023-24 as envisaged under Rule 6 of the FRBM Rules, 2004, is given in the Statement on Guarantees.

A statement of Asset Register as on March 31 2024 as envisaged under Rule 6 of the FRBM Rules has also been included.

Statement of Assets shows the extent to which the money raised by Government has been utilized for asset formation purposes. These assets are also shown at book value i.e., it does not take into account depreciation/appreciation in the value of assets as per current market rates. This statement includes only assets the ownership of which vests in Central Government, and it excludes assets created by State Governments and non-Government bodies from grant assistance from Central Government.

Figures in parenthesis indicate number of guarantees.

€ Guarantee worth ₹3,000 crore withdrawn from NAFED and given to NCCF with effect from 01.08.2023. Guarantee fee has been waived off by the Cabinet Committee on Economic Affairs (CCEA).

^ There is difference between last year closing balance and this year's opening balance in respect of Column no.4 which is due to (i) Revision of IGAS-1 in respect of NHB for FY 2022-23 and subsequently for F.Y. 2023-24 as well as revision in NABARD(ii) Update of figures in column No.4 in respect of SIDBI and IFC(UK) due to exchange rate variation. Number of Guarantee Column No.4 has been updated as intimated and confirmed by the Department.

@ Extension of the single default Government Guarantee in favour of FCI for availing cash limit of 6000 crore for food credit drawn for period of one year beyond 01.04.2023.

@ @ The class of guarantee has been changed from class (3) to class(1) as per clarification submitted by Dept. of Commerce vide OM dated 16.12.24 issued with the approval of CCA. ₹6.57Crore Guarantee fee receivable in 2023-24, received and accounted in 2022-23.

\$ Complete waiver of dues pending from Indian Drugs Pharmaceuticals Ltd. by Coal India and Oil India Limited.

£ Guarantee fee (penalty) amounting to ₹8.5 crores has been deposited by M/S HOCL in the financial year 2023-24

^^ Guarantee fee of ₹8.69 crore was received but only ₹8.64 crore was accounted. Balance ₹0.05 crore was not accounted for due to technical issues in NTR Portal.

Guarantee fee of ₹70.00 crore pertaining to the Financial Year 2023-24 has been credited in the Financial Year 2022-23.

* Guarantee fee has been waived off by Cabinet. Hence, guarantee fee receivable and received does not include the waived off amount.

** Due to variation/fluctuation in foreign exchange rate in Addition and Deletion columns.

¥ Difference between Guarantee fee receivable and received is due to receipt of penalty from MMRDA amounting to ₹139.06 crore.

^^ As reported in their revised statement dated 06.12.2024. Difference between Guarantee Fee receivable and received is due to receipt of ₹1.14 crore from NABARD as penalty for delay in payment of guarantee fee levied by Government of India and Guarantee fee of ₹1.22 crore is yet to be accounted which is pending at Bharat Kosh Portal.

The difference between closing balance and opening balance of ₹255.57 crore is due to exchange rate variation. The Addition amount in statement no.4 includes ₹1246.16 crores loan amount of SBI, however, since no amount has actually been withdrawn by SBI in F.Y 2023-24, the same amount has been deducted from Addition column. The difference between receivable and received is due to :-

i) Punjab National Bank and State Bank of India have paid the delayed charges of guarantee fee (panel charges) of ₹1.07 crore and ₹1.38 crore respectively.

ii) IREDA has paid penal guarantee fee amounting to ₹32.38 crores for F.Y 2020-21. Guarantee fee for the F.Y 2023-24, ₹85.25 crore paid by IREDA in advance on 31.03.2023.

ø The class of guarantee has been changed from class (6) to class (3) as per the revised statement received from MEA which has been also sent to CGA vide letter dated 19.12.2024. Two Letters of Comfort of Maldives have been converted as Guarantee which are now included.

*** Figure in Col. 5 difference is due to foreign exchange rate fluctuation of ₹129.35 crore. Guarantee fee received and receivable is amended as per revised statement received from Ministry of Railways.

Note :-

1. The above data is based on the information furnished by the Office of Controller General of Accounts as reported by Ministries/Departments. The data may be impacted upon by changes due to further reconciliation of records.

2. Additions during the year 2023-24 were ₹41062.26 crore which is 0.14 % of the GDP at market prices for 2023-2024(PE).

3. Guarantees amounting to ₹27343.96 crore have been committed/approved by the Ministry of Finance for the financial Year 2024-2025 (upto December 2024) which is 0.08% of the estimated GDP for the year 2024-2025 (FAE) which is well within 0.5% limit.

4. Guarantees are valid till the tenor of the loan and extinguishes partially to the extent of repayment of loan by the entity subject to the terms and conditions as mentioned in respective Guarantee Agreement.

Notes:

- Assets above the threshold value of ₹ two lakh only recorded.
- This disclosure statement does not include assets of Cabinet Secretariat, Central Police Organisations, Ministry of Defence, Department of Space and Atomic Energy as per Fiscal Responsibility and Budget Management Rules.
- Figures compiled on the basis of Reports of Ministries/ Departments, may be impacted, inter-alia by any ongoing reconciliation/ liquidation/ adjudication/ administrative decision relating to valuation of assets and improvement in capture of data. Variation between closing balance (₹26,32,442.39 crore) at the end of previous reporting year and opening balance (₹26,34,305.25 crore) at the beginning of current reporting year is mainly due to Ministry of New and Renewable Energy (difference is ₹2,073.64 crore), the reason being that the value of Assets has been adopted from the Finance Account, and Ministry of External Affairs (difference of ₹15.59 crore), due to the number of Missions/Posts providing data varying every year. Corrections have been made by some Ministries/Departments due to inadvertent reporting/reconciliation viz. Department of Agriculture and Farmers Welfare (₹123.40 crore), Department of Pharmaceuticals (₹67.63 crore) etc.

10	External Assistance (Net of repayment of and interest payments) (8-9)	26517.26	-15601.80	-1081.71	-12455.26

A brief write up on the Assistance being extended by different countries and organization is given below:-

(A) MULTILATERAL SOURCES

1. WORLD BANK GROUP:

The World Bank is one of the UN's specialized agencies. India has been accessing funds from the World Bank mainly through IBRD and IDA for various development projects.

(a) INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT (IBRD)

India has been receiving assistance from International Bank for Reconstruction and Development (IBRD) since 1949. IBRD loans though non-concessional are offered relatively on favorable terms compared to commercial sources. IBRD Sovereign loans are primarily utilized for infrastructure, poverty alleviation, rural development and human resource development projects. IBRD aims to reduce poverty by promoting sustainable development, through loans, guarantees and non-lending services.

Some of the major on-going projects with IBRD assistance are National Ganga River Project, Tamil Nadu Sustainable Urban Development Project, Programme Towards Elimination of Tuberculosis, Uttar Pradesh Core Road Network Development Project, Gujrat Outcomes for Accelerated Learning (GOAL) Program.

(b) INTERNATIONAL DEVELOPMENT ASSOCIATION (IDA)

IDA is the concessional arm of the World Bank and plays a key role in supporting the Bank's poverty reduction mission. Now, India is out of the ambit of concessional Loans. Majority of the Projects being executed in our country are in Social and Education sector. Some of the ongoing projects includes National cyclone risk mitigation, Skill Strengthening for Industrial Value Enhancement operation etc.

2. ASIAN DEVELOPMENT BANK (ADB)

ADB is a major regional financial institution established in 1966 and India is a founding member of ADB. India started borrowing from ADB in 1986, to broad base our resources.
