Subject: FSSAI Imports related directions on rectifiable labeling information for imported food consignments and import of Clove Stem - reg

Madam/Sir,

Kind attention is invited to letter No. 1828/Misc. Matters/FSSAI/Imports-2021 dated 17.06.2022 (copy enclosed) regarding rectifiable labeling information for imported food consignments and Order No. 1828/Misc.Matters/FSSAI/Imports-2021 dated 17.06.2022 (copy enclosed) regarding import of Clove stem received from Food Safety and Standards Authority of India.

2. In this regard, FSSAI has stated the following:

(i) On the rectifiable labeling information for imported food consignments:

(a) In addition to the labeling deficiencies for which a special dispensation for rectification has been provided under Reg 6 of FSS (Import) Regulations, 2017 and under order dated 22.05.2018 and 14.01.2019, the labeling information as per the requirement of FSS (Labeling and Display) Regulations, 2020, as mentioned below, may also be allowed to be rectified at the port:-

- *Per serve percentage (%) contribution to Recommended Dietary Allowance* calculated on the basis of 2000 kcal energy, 67 g total fat, 22g saturated fat, 2g trans fat, 50g added sugar and 2000 mg of sodium (5g salt) requirement for average adult per day;
- *Date of Expiry along with Best Before date*, subject to the condition that this information is provided by the manufacturer itself and the same shall be verified by the Authorized Officer.

(b) This rectification shall be carried out at customs bound warehouses, before visual inspection or re-inspection by the Authorised Officer or his representative, by affixing a single non-detachable sticker or by any other non-detachable method next to the principal display Panel without altering the original label information in any manner.

(ii) On import of clove stem:

Till such time the Standards for "Clove Stem" are notified, it may be considered for testing against safety parameters (Horizontal standards) & volatile oil content on dry basis (half the value of clove, i.e. not less than 8.5 percent by v/w) as per FSSR 2.9.6(1) which is applicable for Cloves whole.

3. In view of above, it is requested that all Authorized officers under your jurisdiction may be sensitized of the clarifications as per Para 2 above

4. The difficulties, if any, in the implementation of this Instruction may please be brought to the notice of the Board.

ORDER

Subject: Import of Clove Stem-reg.

The matter regarding standards for Clove Stem was examined considering it significant import. Further, taking into consideration that "Clove Stem" is a potential adulterant in Clove/Clove Powder or masala powder, it has been decided that till such time the standards for "Clove Stem: are notified, it may be considered for testing against safety parameters (Horizontal standards) & volatile oil content on dry basis (half the value of clove, i.e. Not less than 8.5 percent by v/w) as per FSSR 2.9.6(1) which is applicable for Cloves whole.

In view of this, all Authorized officers are hereby directed to facilitate import of Clove Stem by ensuring compliance to the horizontal safety parameters & half the value of "Volatile Oil Content", i.e. Not less than 8.5 percent by v/w, as prescribed for cloves (Laung) whole in regulation 2.9.6(1) of FSS (Food Products Standards and Food Additives) Regulation, 2011.

North Block, New Delhi
Dated 31st January, 2019

To,
All Principal Chief Commissioners/Chief Commissioners of Customs,
All Principal Commissioners/Commissioners of Customs.

Madam/Sir,

Subject: Procedure to be followed in cases of manufacturing or other operations undertaken in bonded warehouses under section 65 of the Customs Act - reg.

Representations have been received from the trade and industry with regards to Circular 38/2018-Customs dated 18.10.2018 issued on the above subject, stating that they were hitherto permitted to undertake certain operations to fulfil a statutory obligation such as Labelling/affixing RSP etc. under Section 65 of the Customs Act, 1962 in a public bonded warehouse, licensed under section 57 of the Act, *ibid.* However Circular 38/2018 has clarified that those operations under Section 65 should be undertaken in private bonded warehouses licensed under Section 58 of the Act thereby disallowing such operations in a Public Bonded warehouse. They have requested for relief in this regard to ease the difficulties being faced by the trade.

2. The representations have been examined. They contain the common request to permit operations required for compliance with labelling/ packing requirements under legislations pertaining to legal metrology, FSSAI, DGFT, State Excise laws etc. The request is on the ground of convenience, economies of scale, reducing transaction cost and past practice.
3. In view of the above, Board has decided to allow labelling/ fixing RSP etc. to fulfil statutory compliance requirements in all Customs Bonded Warehouse without the requirement of taking permission under Section 65 of the Customs Act.
4. Circular 38/2018-Customs dated 18.10.2018 stands modified to the above extent.
5. Clarification required, if any, may be sought from the Board.
